

Year Group Assemblies 2016/2017

Each year group will now be holding a special assembly once a year. This will be in place of the usual key stage assembly for that particular key stage on that allocated week. Parents are invited in for this assembly.

It can be in any format your year group would like and could include songs, dramatisations, and examples of work or visual representations.

There are some religious and cultural festivals that have natural links to the themes given dates of which are on the school assembly plan but it is up to your year group to determine the focus.
